

I'M GONNA WALK IT WITH YOU

Well it looks like it might be a hard road
But I'm gonna walk it with you
I know you might have a heavy load
But I can carry some too

I will lift you up, when they push you down
I will raise my voice, stand my ground
Well it looks like it might be a hard road
But I'm gonna walk it with you

Well it looks like it might be a long night
But I ain't going nowhere
And I know it's gonna be a hard fight
But I will stay right here

I will shine the light in the darkest hour
I will face the man in the tallest tower
Well it looks like it might be a long night
But I ain't going nowhere

I will work, I will fight
I will strive in the name of love
I will speak, I will shout
I will sing it to the skies above

Well it looks like it might be a perilous time
But I will follow your lead
And I know it might be a long time
Before the last one of us is free
But I will hold on tight, stay by your side
I will be with you for this whole damn ride
Well it looks like it might be a perilous time
But I will follow your lead

I will lift you up, when they push you down
I will raise my voice, and stand my ground
Well it looks like it's gonna be a hard road
But I'm gonna walk it with you
I'm gonna walk it with you
I'm gonna walk it with you
I'm gonna walk it with you
I'm gonna walk it with you
I'm gonna walk

Cause it looks like it might be a hard road
But I'm gonna walk it with you.
