

## PRAYER FOR HUMANITY

That we can learn what it means to really love ourselves  
That we can learn to love our neighbors as we love ourselves  
That we can live in harmony, see ourselves as a family  
This is my prayer for humanity

That we respect our women and protect our girls  
That they feel safe in every corner of the world  
That we can live in harmony, see ourselves as a family  
This is my prayer for humanity

That every man will be a father to someone  
By loving every boy as if he were his only son  
That we can live in harmony, see ourselves as a family  
This is my prayer, this is my prayer for humanity

That we know that nobody really wins the war  
And every leader knows what power is really for  
That we can live in harmony, see ourselves as a family  
This is our prayer, this is our prayer, this is our prayer, this is our prayer  
for humanity

That every man, woman, boy, and girl  
Will hear these words across the world  
That every man, woman, boy, and girl  
Will hear these words all across the world  
That every man, woman, boy, and girl  
Will hear these words all across the world

This is my prayer  
For humanity
