

UP & UP (Coldplay)

Fixing up the car to drive in it again
Searching for the water, hoping for the rain
Up and up, up and up
Down upon the canvas working meal to meal
Waiting for a chance to pick your orange field
Up and up, up and up

See a pearl form, a diamond in the rough
See a bird soaring high above the flood
It's in your blood, it's in your blood
Underneath the storm an umbrella is sayin'
Sittin' with the poison takes away the pain
Up and up, up and up
Sayin'

We're gonna get it, get it together right now
We're gonna get it, get it together somehow
We're gonna get it, get it together and flower
Oh, oh, oh, oh, oh, oh

We're gonna get it, get it together I know
We're gonna get it, get it together and flow
We're gonna get it, get it together and go
Up and up and up

Lyin' in the gutter, aiming for the moon
Tryin' to empty out the ocean with a spoon
Up and up, up and up
How come people suffer, how come people part
How come people struggle, how come people break your heart
Break your heart

Yes I want to grow, yes I want to feel
Yes I wanna know, show me how to heal it up
Heal it up
See the forest there in every seed
Angels in the marble waitin' to be freed
Just need love, just need love
When the goin' is rough, say

(Repeat chorus)

And you can say what is, or fight for it
Close your mind or take a risk
You can say it's mine and clench your fist
Or see each sunrise as a gift

(Repeat chorus 2 x's)

Up and up and up
Don't ever give up (13 x's)
