

THIS IS THE NEW YEAR

Another year you made a promise
Another chance to turn it all around
And do not save this for tomorrow
Embrace the past and you can live for now
And I will give the world to you

Speak louder than the words before you
And give them meaning no one else has found
The role we play is so important
We are the voices of the underground
And I will give the world to you

Say everything you've always wanted
Be not afraid of who you really are
Cause in the end we have each other
And that's at least one thing worth living for
And I will give the world to you

A million suns that shine upon me
A million skies they are the brightest blue
Let's tear the walls down that divide us
And build a statue strong enough for two

I pass it back to you
And I will wait for you

Cause I would give the world
And I would give the world
And I would give the world to you

This is the new year
A new beginning
You made a promise
You are the brightest
We are the voices
This is the new year
We are the voices
This is the new year

CROWDED TABLE

(S/A) You can hold my hand, when you need to let go
I can be your mountain, when you're feelin' valley low
I can be a streetlight showin' you the way home
You can hold my hand, when you need to let go

(All) I want a house, with a crowded table
And a place by the fire for everyone
Let us take on the world while we're young and able
And bring us back together when the day is done

(T/B/B) Ooh
(S/A) If we want a garden, we're gonna have to sow the seeds
Plant a little happiness, let the roots run deep
(T/B/B) Ah
(S/A) If it's love that we give
(T/B/B) Ah
(S/A) then it's love that we reap
If we want a garden, we're gonna have to sow the seeds

(All) I want a house, with a crowded table
And a place by the fire for everyone
Let us take on the world while we're young and able
And bring us back together when the day is done

The door is always open, your picture's on my wall
Everyone's a little broken, and everyone belongs
Yeah, everyone belongs

(S) I want a house, with a crowded table
And a place by the fire
(All) for everyone
Let us take on the world while we're young and able
And bring us back together when the day is done
And bring us back together when the day
Is done

A SYMPTOM OF BEING HUMAN

Ooh, ooh, ooh
Ooh, ooh, ooh

Sometimes I'm in a room where I don't belong
And the house is on fire and there's no alarm
And walls are melting, too
How 'bout you

I've never been the favorite, thought I'd seen it all
'til I got my invitation to the lunatic ball
And my friends are comin' too
How 'bout you
Don't worry it's all just a symptom of being human

(S) We're all just passin' through, passengers on a ship of fools
(S/A) We're all just passin' through, passengers on a ship of fools
(All) We're all just passin' through, passengers on a ship of fools
We're all just passin' through, passengers on a ship of fools

Sometimes I'm in a room where I don't belong
And the house is on fire and there's no alarm
And walls are melting, too
How 'bout you

I've never been the favorite, thought I'd seen it all
'til I got my invitation to the lunatic ball
And my friends are comin' too
On a ship of fools

Don't worry, it's all just a symptom
Of being human

HOLD ON

Got my hand on the holy plow, won't
take nothin' for my journey now
Keep your eyes on the prize and hold on
Hold on

The only chain that we can stand, is the
chain from hand to hand
Keep your eyes on the prize and hold on
Hold on

Hold on, hold on
Hold on, hold on
Keep your eyes on the prize and hold on
Hold on

The only thing that we did wrong, stayed
in the wilderness a day too long
Keep your eyes on the prize and hold on
Hold on

The only thing that we did right, was the
day we started to fight
Keep your eyes on the prize and hold on
Hold on

Hold on, hold on
Hold on, hold on
Keep your eyes on the prize and hold on
Hold on

You gotta keep on holdin' (alto)
You gotta keep on holdin' (soprano)
You gotta keep on holdin' (tenor)

Hold on, hold on
Hold on, hold on
Keep your eyes on the prize and hold on
Hold on

When your way gets dark as night, take
my hand and hold on tight
Keep your eyes on the prize and hold on
Hold on

Hold on, hold on
Hold on, hold on
Keep your eyes on the prize
Keep your eyes on the prize

Keep your eyes on the prize

And hold on, hold on, hold on
Hold on

THE FUTURE'S RIGHT IN FRONT OF ME

[Tenors] Ohhhhhh-----hhhhhh

I spent my life trying to answer to the
voice inside my head
But all I found were empty questions
from a time that I forget

[All] Ohhhhhh-----hhhhhh

I learned my lesson, it was wrong of me
to look so far ahead
I'll count my blessings one by one, I'll
live a life I won't regret

And now I finally see the future's right in
front of me, yeah
And now I finally see the future's right in
front of me, yeah

Ohhhhhh-----hhhhhh

I walked alone, I was scared of who I
knew that I could be
But there was beauty in the darkest
parts of my uncertainty

And now I finally see the future's right in
front of me, yeah
And now I finally see the future's right in
front of me, yeah

[tenors] I feel it beating in my heart
[sopranos/altos] The future's right in
front of me, yeah
[tenors] I feel it beating in my heart
[sopranos/altos] The future's right in
front of me, yeah

[sopranos] I feel it beating in my heart
[tenors/sopranos] I feel it beating in my
heart

[sopranos] I feel it beating in my heart
[tenors] And now I finally see the future's
right in front of me, yeah
[altos] Ohhhhhh-----hhhhhh

[sopranos] I feel it beating in my heart
[tenors] And now I finally see the future's
right in front of me, yeah
[altos] Ohhhhhh-----hhhhhh

[All] And now I finally see the future's
right in front of me, yeah

And now I finally see the future's right in
front of me, yeah

And now I finally see the future's right in
front of me, yeah

And now I finally see the future's right in
front of me, yeah

[sopranos] I feel it beating in my heart
[tenors/altos] And now I finally see the
future's right in front of me, yeah

[sopranos] I feel it beating in my heart
[tenors/altos] And now I finally see the
future's right in front of me, yeah

[All] And now I finally see the future's
right in front of me
